

First Ever Bargain Bites Satisfies and Saves

The North Dakota State Fair knows how important saving money is. With special discount days and other ways to save, it's easy to spend just a little and have a ton of fun. Bargain Bites brought the savings to the midway. Food vendors across the fairgrounds were tasked with slashing their prices and putting foods on display that were \$5 or under. Vendors were not limited to just one item, they could list several. Fairgoers could then vote on their favorite vendor offerings on the North Dakota State Fair Facebook page. This year, Bargain Bites has been a huge success, and the people have chosen their winner!

Congratulations to B & G Concessions, winner of the People's Choice awards for the inaugural Bargain Bites competition. They loaded up on classic favorites, offering chocolate chip cookies for \$4, dough-kota bites for \$4, Polish sausage for \$5, and Norskie Nuggets for \$5. Wow, it's easy to savor and save with all those options! Make sure you stop by all of the vendors that have the Bargain Bites signs at their booth. The North Dakota State Fair runs through July 28.
